

Dear Parents,

We are delighted to introduce 'Infinite Active' to you, a new After School Care provision that will be available to the FS1 - Y6 students at Repton School Dubai starting this term.

Infinite Active has built a programme to offer an invaluable service to parents at an affordable cost. Our programme is designed to give parents the helpful option to extend their child's school day with different timing options to choose from. Daily, termly and 10 session packages are available for each of our sessions.

Not only do we offer ultimate convenience for parents, we also keep the children at the forefront of our planning. No two days at Infinite Active are the same, which is why our programmes are the perfect mix of activity, adventure and surprises! Each session is jam-packed full of fun and planned in advance by the Infinite Active team to suit attendees. We aim to build the confidence of our students whilst introducing them to new activities and new friends, as well as giving them the chance to explore existing interests and broaden their imagination. Activities will include a variety of team games, quizzes, multi sport activities, arts & crafts, sensory play, story time, memory games, free play and outdoor play during the cooler months. Children will also have time to snack during their sessions with us.

For Term 1, Infinite Active After School Care will commence on Monday 11th September 2023 and will run until Friday 8th December 2023 (12 weeks), excluding the half term break from 16th October - 20th October 2023.

If you would like to sign your child up for any of the programmes please scan the QR codes on the pages below. Please note spaces are limited and we would recommend booking in advance where possible.

Terms and conditions are outlined below - please read carefully.

Further information will be sent out to parents who have registered prior to the first session, in the mean time, please do not hesitate to reach out to the Infinite Active team with any queries you may have regarding the provision.
